OMS eLearning Academy  
[www.oms-eLearning-academy.com](http://www.oms-eLearning-academy.com)

**October 6, 2022**  
**11 AM CDT, 12 PM EST, 9 AM PST**

This monthly free master class series is presented and hosted by OMS eLearning Academy, a portal for the continuing education of the professionals working in the refining and related business industries. Please register using the link below in the description and view our future master class series webinars.

## About

The refinery, at any time, has liquid assets worth billions of dollars stored in its tanks. The refinery loses money daily in the stagnant inventory of those products, which are not moved to the customers efficiently and in time. Therefore, efficient and profitable Tankfarm management is essential to the refinery's offsite operations.

## Speakers

The speaker, Dr. Suresh S. Agrawal, is the founder and CEO of Offsite Management Systems LLC (OMS) and the academy director of OMS eLearning Academy.

He graduated from the Indian Institute of Technology, Mumbai, India, with a Bachelor of Chemical Engineering. He then obtained a Master's and PH.D. Degrees in Chemical Engineering from Illinois Institute of Technology, Chicago, USA.

Dr. Agrawal has 40+ years of experience in senior technical / management positions with international companies and has successfully managed many advanced refinery process control projects in numerous countries. Dr. Agrawal is a registered professional engineer in Illinois, USA, and is a member of the American Institute of Chemical Engineers and Instrumentation Society of America. He has published and presented 30+ papers in international publications and conferences in the areas of advanced process control. He has also acted as a consultant to several refining and process industries worldwide and delivers training seminars in the areas of his expertise.

## What will you Learn

- The attributes of a tank farm and liquid assets
- Various refinery operations that affect the Bottomline and how
- How can automation help in minimizing the losses
